- *Cybersecurity Analyst Job Simulation — Tata, Forage*
- *Technology Job Simulation — Deloitte Australia, Forage*

EXPERIENCE

Freelance Web Developer · Remote

08/2024 – 12/2024

- Developed a responsive web application for a client using JavaScript, HTML, CSS and Firebase, focusing on clean UI and reliable functionality.
- Implemented features like authentication, dynamic content and basic analytics, improving usability and helping the client manage their work online.
- Collaborated with the client to gather requirements, iterate on feedback and deliver the project on time.

PROJECTS

Budget Yatra | React.js, Tailwind CSS, Spring Boot, FastAPI, Firestore, MySQL, Gemini API

- Travel budget planner with AI-generated itineraries, budget tracking, and Google login.
- Real-time data sync using Firestore and structured travel data management with MySQL.

Personal Portfolio Website | HTML, CSS, JavaScript, Netlify

- Designed and developed a responsive portfolio website to showcase projects, skills, and experience.
- Focused on clean UI, smooth navigation, and mobile-friendly layout for better user experience.

ACHIEVEMENTS

- Led the BCA department student organization at college and coordinated departmental activities.
- Represented DAV National School in volleyball and finished as runner-up at a national-level event.
- Completed NCC B certificate and participated in a B-grade camp, demonstrating discipline and leadership.
